Re: Notice of Road Closure and Detour

Valley Road / SR372, and Old Stottsville Road / SR3091

Sadsbury Township, Chester County

Please be advised that Fidelity Contracting will be closing Valley Road / SR372, between Newport Ave. and Eastern Ave. in the Village of Pomeroy, for the purpose of replacing two (2) sanitary sewer manholes. The work is expected to begin on **Monday July 20th and be completed by Friday July 24th**. The closure will be full-time / 24 hour, and will include a detour which is approved and authorized by PennDOT.

While the manhole construction is underway, we will also conduct pavement repairs to Valley Road in Pomeroy. Pavement repairs will also begin July 20th, and will proceed in this sequence:

1. Valley Road (Old Wilmington Road to Newport Ave.), westbound lane (while detour is in place).
2. Valley Road (from Strasburg Road to Old Wilmington Road), southbound lane. No detour; through-traffic will be flagged.
3. Valley Road (Buck Run bridge to Old Stottsville Road) eastbound lane. No detour; through-traffic will be flagged.
4. Old Stottsville Road (Strasburg Road to Boro Line Road), fill-width paving. No detour; through-traffic will be flagged.

Information signs will be placed in Pomeroy next week for advance notice to motorists and local residents. Please feel free to contact me if you have any questions.
