Township Public Works Report: For the month of June, the Public Works Department maintained Bert Reel Park, Sadsbury Park, Pumping Station, Greenbelt Drive (Part of Bert Reel Park), maintenance building and Township Municipal Building by mowing, weed trimming, cutting limbs, cleaning up trash and woody debris and weeding flower beds. Township drain inlets and outlets have been checked and maintained on a regular basis. A few pot holes have been filled in various roads. All vehicles and equipment have had maintenance checks performed regularly during the month. On June 27th the Public Works Department along with the entire Board of Supervisors and Herb MacCombie conducted an annual road inspection of Township roadways. This inspection helps to grade the condition of roadways and prioritize for future road resurfacing and drainage projects. The old existing playground equipment was removed by the Public Works department at Bert Reel Park to make way for new, safer, updated playground equipment. Construction for the new equipment has begun and should be finished by the end of July 2016. During the month of June, Bert Reel Park experienced some vandalism in the form of graffiti spray painted on the concession stand kitchen door area. Pictures were obtained and the incident was reported to our police department before it was successfully removed. The Road Department was called out twice after hours. An update regarding FEMA and reimbursement for expenses to fight Winter Storm Jonas during January 22-24 is that the Commonwealth has begun making payments. There is no specific information who is being paid when. On June 24th a large pile of illegally dumped construction material was found on Greenbelt Drive just north of the railroad tunnel. Pictures were taken and personal information was found in the dumped items. The Chief was informed and he contacted the person responsible for the dumping. The person came and cleaned up the entire area. Thanks and appreciation to the Chief for acting quickly on this matter. Illegal dumping on our Township roadways and vandalism to Township property occurs more often than residents probably think. The equipment hours are 10.1 and there were 146.7 vehicle miles.

Mr. Jessey wanted to know the progress with opening the gate at Belair. Mr. Biloon reported that Jamie MacCombie had a discussion with Terry Muto and he has no problem opening the gate. Mr. Muto would even consider keeping it open permanently. Chief Ranck suggested a sign stating (no trucks) be placed at the gate as he has up to 5 trucks a day to turn around at the tunnel. Make sure the sign is large enough to read.

Eric Schmelzer asked if this will bring more traffic to Sadsburyville.

Mr. Hensel feels it will alleviate traffic on 1st. Avenue.

Mr. Biloon stated the objective is to avoid traffic on Route 30 while the work is being done on the Village Enhancement.

Mr. Lowry stated that last month it was reported the old Township Building was appraised at \$75,000. He was asked to find out how much an acre of land from Belair with access to the Industrial Park would cost. Mr. Lowry stated \$175,000 an acre to start. Mr. Schmelzer is requesting someone meet with him about a right-a-way on his property. Mr. Biloon instructed him to call Mr. MacCombie.

With there being no further business, Mr. Hensel made a motion, seconded by Mr. Taylor to adjourn the meeting. With there being no questions from the public, the Board voting "aye", the motion passed unanimously.
